

POOR FRITZ! HE FINDS IT SO HARD TO LOSE HIS MOTHER-IN-LAW!

Sails Away From Her, Leaves
Her on Donkey, but She
Is Coming—Ach!

The efforts of Fritz Lamprecht to lose his mother-in-law, Frau Kuhnfeldt, furnished abundant entertainment for passengers, officers and crew of the Austro-American liner *Osania*, which arrived to-day from Trieste. Fritz lost his mother-in-law in Trieste and again in Algiers, but when he got to the Austro-American liner, Fritz in Brooklyn he found a telegram from her awaiting him. In it she stated that she would be aboard the ship next ship.

Fritz came to this country from Graz, Austria, four years ago and went to work as a marshall-maker in a Philadelphia candy factory. He saved his money and went back to Graz early in the spring to marry his boyhood sweetheart, Anna Kuhnfeldt.

Anna would not leave her mother in Austria. After considerable delay Fritz agreed to take the mother to America. He married Anna on May 10. Fritz and Anna went to Trieste on May 10 and Frau Kuhnfeldt followed on May 10. Fritz told her the *Osania* would sail for America at 10 o'clock in the morning. He knew the boat would sail at 9

o'clock and was aboard with his bride. Frau Kuhnfeldt missed the boat. With great pretense of grief Fritz consoled his weeping bride. The ship made a stop at Palermo, Italy, on June 3. There was Frau Kuhnfeldt. She had travelled from Trieste by rail. Going aboard the *Osania* she was reunited with her daughter and her son-in-law. From Palermo the ship went to Algiers. Fritz took his mother-in-law and his wife ashore, and they rode through the Arab quarter of the city on donkeys. After a confidential talk with Fritz the driver of the donkey ridden by Frau Kuhnfeldt turned into a side street and the Frau was lost. When she found her way to the pier the *Osania* had sailed. But she'll get here yet.

WHEN CONSUMPTION IS CURABLE

Remember, that every case of tuberculosis passes through its curable stage, which is often of a year's duration—plenty of time to be cured, if the disease is only recognized and properly treated before the incurable stage overtakes the patient. If you fear that there has been failure to correctly diagnose or understand your case call on Dr. Anderson, Specialist in Throat and Lung Diseases, and an expert in diagnosis by special X-ray examination. He discovers the very earliest signs of lung trouble while the disease is yet in its curable stage. Investigate his treatment and the records of his permanently cured patients.

Do not go away from home in the hope of a cure from residing a short time in a different climate. You can be cured at home, if you can be cured at all. Consult Dr. Anderson. It costs you nothing to find out for yourself, because office consultation and examination are given without charge. Dr. Anderson, Specialist, 20 West 23d St. (between 5th and 6th avenues), New York. Hours—Daily, 10 to 4; Monday, Wednesday, Friday evenings 7 to 9 o'clock; Sundays, 11 to 2. Valuable book on Tuberculosis sent to any address.

Close During June, Daily 5 P. M. Saturdays, Noon.
